PLEBISCITE SLATED FOR NOV. 6 ON NATURAL GAS SERVICE

ST. ALBERT.—A plebiscite will be taken on Nov. 6 on By-law No. 4-50 to give Northwestern Utilities permission to supply St. Albert with natural gas.

Farm Women Plan Conference

ST. ALBERT.—There will be a conference of District No. 5 Farm Women on the afternoon of Wednesday, Nov. 1 in the FUA Board Room, 3rd Floor, City Annex Building 10128 98 street, Edmonton.

An interesting program is being prepared besides an outline of the FWUA business. Two demonstrations will be given. One is in weaving or needlepoint, and one in leathercraft.

This meeting will start at 1:00 p.m. sharp.

We hope all locals of the FUA, FWUA and Junior Sections in District No. 5 will have ladies present.

Alice Desmarais Weds J. M. Tieulle

MORINVILLE.—Monday last wedding bells rang out for the marriage of Miss Alice Desmarais to Mr. Jean Marie Tieulle of Legal. The ceremony took place at 10 o'clock in the St. Jean Baptist Church with Mr. E. Tessier officiating. During the marriage mass Miss Stella Meunier sang several solos accompanied by Rev. Mother Anna Maria at the organ.

Given in marriage by her brother, Mr. George Desmarais, the charming bride entered the church in a long white satin gown trimmed with lace. Her long tulle veil cascaded from a crown studded with pearls and she carried a beautiful bouquet of red roses and white baby chrysanthemums.

She was attended by two bridesmaids, her sister Lucille in a pink brocaded taffeta with cap to match, and Miss Cora Huot, cousin of the groom was in mauve taffeta with net cap and both carried nosegays of assorted flowers. Mr. Maurice Tieulle was best man and Mr. Fernand Deschamplain accompanied Miss Huot in the bridal procession.

After the ceremony, about 90 guests were entertained at the home of the bride's mother, Mrs. Lydia Desmarais where the bridal luncheon and buffet supper were held. Mr. George Desmarais proposed the toast to the bride. The day's celebration came to a finish with a large crowd present at the dance held in the evening in the Morinville hall with a Legal orchestra in attendance. Mr. Harold Rockwell made the presentation on behalf of those present of a good cash donation along with the expression of best wishes on behalf of all those present. After a short honeymoon spent in Edmonton, Mr. and Mrs. J. M. Tieulle will take up residence in Legal where the groom is a well known farmer.

The greatest aggregation of apple orchards in the British Commonwealth is to be found in Nova Scotia.

Read your Public Notice — Study Section 15; understand that the town will benefit financially.

Mr. and Mrs. H. E. Vague and family were dinner guests of Mr. and Mrs. Wallace Lindberg in Edmonton on Sunday.

Tag night for the blind was carried on by the W.I. on Saturday. Those tagging were: Mrs. Blair, Doreen Iske, Mrs. Vague, Miss Wolniowicz, Mrs. Leclair, Mrs. Rosengren, Nan Maloney, Mrs. Sumner, Edna Cunningham, Denise Belhumeur, Helen Luszczycki.

Mrs. Stan Hautman invited those who worked at her corner up for a cup of coffee, which was much appreciated because of the chilling evening.

The new officers of the St. Albert Sub-Local ATA, were elected Wednesday, Oct. 19:

President, Guy Raboud.
Vice-Pres., Sister Cote.
Sec.-Treas., Marie Wolniowicz.
Public Relations Officer: T. Tetreau.

Councillor, W. Fitzpatrick. Meetings will be held every third Wednesday at 4:15 p.m. The eleven school teachers attended convention at the Masonic Temple, Oct. 23 and 24.

Grade VI had a holiday last Friday, when Mr. W. Fitzpatrick was ill.

Mrs. Henry Belcourt is in the hospital again.

Karol Hauptman is ill in the General Hospital.

Constable A. Rosengren and Mrs. Rosengren returned Tuesday from their holidays.

Someone tried to get away with a folding chair from the Brown Inn Saturday evening.

Gene Perron and George Gaulin were out collecting the money promised for levelling the school grounds.

EDITORIAL

OUR FUTURE AT STAKE

Next Monday, Nov. 6, the people of St. Albert can make this town one of the most modern and up-to-date, by marking "Yes" on the ballot paper for Natural Gas Service.

Those who have had natural gas in their homes would never go back to any other form of fuel for heating, cooking and continuous hot water, regardless of cost. But once installed natural gas is undoubtedly the cheapest and best fuel.

It is unthinkable that the burgesses of St. Albert would not want all the advantages that gas service gives to city homes. What growth will take place in St. Albert in the future, with new homes and new businesses to share the tax burden, for the next 20 years, will be the responsibility of each ratepayer who marks a ballot Monday next.

Canadian Army Group Enroute To Pacific

First group from the Canadian Army to leave for the Pacific are shown above at an Ottawa airport prior to their departure. They're now assembling

at an army base in Washington state, will soon proceed to Japan.

Children Miss Death By Inches

MORINVILLE.—Friday the 13, proved a shocking one for Mrs. Laurence McDonald when three of her children were knocked down by a truck coming through a back alley to the main street and driven by Robert Perras. The bumper of the truck struck a baby buggy in which baby Collen McDonald was being pushed by her sister, Rita, aged six and also knocked down was Larry McDonald, aged three who was toddling along and holding on to the carriage at the time. All three were knocked down by the impact, baby Collen was saved from instant death due to the fact that she was strapped in her buggy and heavily bunched. However, little Larry was thrown some distance away from the buggy and is suffering from a brain concussion according to the doctor's report. Rita escaped with bruises to one hand. Immediately after the crash that crushed the wheels of the baby buggy, Mrs. Gerard St. Germain rushed out to pick up the babies and after a first check was made of the injuries, they were driven home by Mr. Walter Fergusson.

This is the second accident at this blind spot located between the high hedge on the east corner of the rectory and the St. Germain residence. It is impossible to see any pedestrians or oncoming traffic at this point due to the high hedge that obstructs the view. This alley is used a lot because of the residents only drive-ins possible located north of this section of town and also due to the fact that of the gravel piles and trucks coming and going daily from the Perras Warehouse located at the north end of this alley.

Wulff Farm Home Gutted By Flames

MORINVILLE.—A week ago Monday the farm home of Mr. and Mrs. Hebert Wulff was gutted by flames as a result of an accident that took place while Mrs. Wulff was cleaning clothes with gas in the basement of the house. All the inside of the 5-roomed house was destroyed.

BY-LAWS TO BE ENFORCED IN TOWN OF MORINVILLE

MORINVILLE.—With the appointment of Edward Meunier as sworn in town policeman and town foreman, Mayor Soetaert wishes to announce that town by-laws will be enforced and prosecutions will follow any resident or household that does not comply with the set regulations.

The first two by-laws that will be rigidly supervised by Town Constable Meunier will be the Curfew By-law that states that all children under 16 years of age are not permitted on the streets or outside of their home premises without a parent escort after 9:00 p.m. During summer holidays the time is 10:00 p.m. This also includes loitering in public places, such as hotel lobbies, cafes, or halls after hours. Another section of daily offenders to be severely checked are the dozens of children who ride bicycles on sidewalks. According to statement made, the following procedure will be adhered to in the enforcement of all local laws.

1. The offender will be reprimanded by officer on first offence.

2. If a child is the offender, the parents or guardian will be notified of the misconduct of the offender on the second offence.

3. On the third offence formal charges will be laid without any further notice to offender or parents.

Another by-law that is to be enforced to the full immediately, is the garbage can and refuse disposal law that compels every household to have two approved garbage cans located conveniently at the lane for easy pick-up and that all refuse be wrapped and put in garbage cans. A recent survey made by Inspector Mallett resulted in the following report to the mayor: 81 householders have the two regulation cans and are making proper garbage disposals. However, 86 have no garbage cans whatsoever and unless regulation cans are provided immediately they will be charged and prosecuted. Another 57 residents are using oil drums or receptacles not approved by the sanitation department and they also are required to alter these

cans to conform to regulations or else they also will be fined.

Our town constable is no stranger in Morinville. Born here of pioneer stock, the son of Omer Meunier, Edward Meunier was brought up on his parents' farm and went to school at Notre Dame Convent and his Grade 8 education terminated at Tellier School with Mr. Leblanc as teacher. He married Miss Vitaline Boissonault, also of Morinville and is now the father of 11 children, seven girls and 4 sons. He and his family have been town residents for quite a number of years and he has been an employee of J. H. Perras for the past while.

Mayor and the town council urges adults and children to abide by all regulations when the constable reports to parents any offences committed by their children, that they in turn will uphold the right of the constable and show respect and consideration that is due to any officer of the law.

Clyde Man Joins Edmonton Police

CLYDE.—Residents are pleased to learn that Tom Lockert, who moved to Edmonton last week, has been accepted on the Edmonton police force and will start training immediately.

Election of officers took place Tuesday night in the Club rooms of the United Church, where the Trail Rangers met, under supervision of Rev. Bainbridge. Robert Toupin was appointed president, Jack Langford, vice-president, Robert Runnels, treasurer, and Glen Campbell secretary.

Children have a fair degree of intelligence. But not enough adults realize this.

Who Owns the Soil?

This is a question every serious-minded farmer should ask himself. Men who have paid taxes for years, who have deeds to their farms registered in their own names (but not the "mineral rights") should study the cases of two farmers with land near the Redwater oil fields. J. A. Gaumont and J. W. Brown, of Fort Saskatchewan and Redwater respectively are being hauled into court for removing sand and gravel from their own property!

Two big Calgary companies, not satisfied with swelling oil profits, have obtained an injunction against allowing these two citizens to sell sand and gravel from their farms. The utterly ridiculous proposition that a load of common gravel is the equivalent of a load of precious stones is the excuse given for this bit of petty encroachment.

If the oil companies win out against the farmers, the next step could be to restrain farmers who do not actually own mineral rights from sowing crops and reaping harvests. All crops require food and nourishment from the soil, which is a mineral. Drinking water, for humans and stock is mineral. Why shouldn't the oil companies collect royalties every time a pail of water is hauled out of the well?

Fortunately, the sort of action against farmers who do not own mineral rights, is unusual for Alberta oil companies. But it just goes to show the common man must be everlastingly on guard for his rights.

Call for Arthur Ellis

That stupid goon, Arthur Ellis, the official hangman who depends upon murders and killings for his harvest, is shirking his duties. Joseph Gilbert, condemned murderer, will live most of November instead of only half the month because Ellis is not to be found.

Do our law makers believe that, when Arthur Ellis has been found, and done his ignoble duty, that Gilbert will be the better for the hanging? Will the judge and jury feel better? Will Gilbert's victim, abiding in eternity, be happy because his murderer joins him over on the other side? Will society be happy because Gilbert is out of the way—forever?

This misguided youth of 23 years should be permitted to pay his debt to society by work and labor, under humane conditions, for his natural life. The murdered man cannot be brought back to life because Gilbert is hanged. If allowed to live, Gilbert would be able to do some useful work, behind prison bars where he could be no more a menace to society.

How long will it be before Canada takes the sensible attitude on the punishment of murderers?

Spanking Is Unchristian

A refreshing bit of news comes to us from Winnipeg, where Psychologist Joyce Burns of the University of Manitoba has come out dead-in-earnest against spanking. "Spanking" she warns "has no lasting corrective effect." In plain English, that means you don't make good boys and girls out of bad boys and girls by spanking them. Miss Burns says whipping naughty children arouses resentment in the mind of the child, and puts the parent in the role of a bully.

What Miss Burns says about unruly children is true of unruly nations. It is also true of unruly and criminal adults. What, in effect, we're driving at is that the Christian attitude of forgiveness and helpfulness, whether it be towards children, adults or nations, is the only sound corrective.

It is admittedly hard for us to follow the Master's advice to "return good for evil," at times, but in our dealings with others, it is this New Testament doctrine, instead of the Old Testament maxims of "An eye for an eye, a tooth for a tooth" and "Spare the rod and spoil the child" that will get us the best results in human relations.

The Talk-With-Stalin Idea

By T. W. PUE

The past week-end, according to reports from Tokyo, has brought near-cessation of the Korean war. This was a struggle fomented by the Russians for two principal purposes, as follows:

- (a) To see if the United Nations would really fight, without involving Russia, and
- (b) If we were too morally weak to defend South Korea, to add that much more territory and 25,000,000 more population to the swelling Soviet strength.

A great step forward has been made with all the free nations of the world stopping aggression in Korea, and perhaps for years to come holding back World War III.

Do Business With Stalin?

Many statesmen have tried to do business with Stalin, including Roosevelt and Churchill, but an independent assessment of their work leads one to believe that either Stalin is not honest in his international deliberations, or he hasn't got the dictatorial power credited to him in carrying out his agreements.

However, compared to war, talk is cheap, and some prominent political figures are willing to sit down with Stalin across the conference table again to try and resolve our differences. Perhaps, having just lost the Korean war, Uncle Joe will be more pliable. One U.S. leader, Harold Stassen, former governor of Minnesota and now president of the University of Pennsylvania, has written to Premier Joseph Stalin, of Russia, suggesting a face-to-face meeting in an effort to "stop the drift to war."

We hold Mr. Stassen in high regard but we do not see where there is anything to be gained by a parley between the Russian dictator and an American citizen holding no office and without authority to implement any agreement.

There is the chance that Mr. Stassen will give the Russian leader an excellent opportunity to put over some choice propaganda. After all, is there anybody who thinks that peace can be secured by a conversation with Stalin on an unofficial basis?

The world needs some overt act from the Russians to persuade everybody that the Soviet Union wants peace and is willing to let other nations live their own lives without the threat of Russian domination. This cannot be established by an interview in Moscow but must be demonstrated in the attitude that Russia shows to her neighboring countries.

Maybe Mr. Stassen thinks that his persuasive powers will lead the Russian dictator to change his policies and "move toward world peace and freedom for mankind." Such a naive conclusion overlooks the simple fact that the Russian people, largely uneducated and somewhat bound by past superstitions, are not yet ready for the freedoms that western nations enjoy.

Scriptural Meditations

"Therefore being justified by faith, we have peace with God, through our Lord Jesus Christ: By whom also we have access by faith into this grace wherein we stand, and rejoice in hope of the glory of God."—Romans 5: 1 and 2.

Note and Comment

Freedom of men under government is to have a standing rule to live by, common to every one of that society and made by the legislative power vested in it; a liberty to follow my own will in all things, when the rule prescribes not, and not to be subject to the inconstant, uncertain, unknown, arbitrary will of another man.—Locke.

The Lighter Side

She Shouldn't Boast That

"You say your wife is bound to have the last word?"

"I never knew an occasion when she didn't, except one."

"What beat her then?"

"An echo."

The Deal

"I'll examine you for \$20," said the specialist. "All right," said the victim. "And if you find it I'll give you half."

Golden Nothingness

She: "I'm going to speak my mind."
He: "Ah! Silence at last!"

The Meaning

Boy — Dad, what is meant when they say "beastly weather?"
Dad — It means its raining cats and dogs.

Foresters

Dear Sir,—Reading your account of the IOF, branch being organized in Redwater, we wondered whether any of those participating know that forty-odd years ago, in Ontario, a full-blooded Indian, named Ononiateke (not sure now of the spelling), was head of the Foresters. He had been educated by King Edward VII.

TONY MOSSELLIE.
Waskatenau.

Compliment

Dear Sir,—Your Gibbons Herald is the best \$2 investment I ever made and your paper is very popular in our house.

Thanking you, I remain,

Sincerely,
MRS. STEVE LAMOUREUX.
Gibbons.

Technocracy

Dear Sir,—Thank you for your article on Technocracy which appeared in your paper. It was favorable publicity. However for your information the Technocrats have no intention of disbanding in Alberta or elsewhere.

Section I.R.D. 11253 Technocracy Inc. have an office in the Alberta Block, Jasper Ave., Edmonton. Continental Headquarters are now at Lambertville, N.J., U.S.A.

Yours truly,
F. SHARPLES.
Jasper Place.

Nope—Just a Forest Fire

Dear Sir,—Just for the record, what was it from Canada that changed the color of the sun a few weeks back, with blue smoke and fog. Was it an H-Bomb you fellows were testing up there in Alberta?

TONY MOSSELLIE.
Easton, Pa.

British Retort

Dear Sir,—I'm fed up with the way people speak and write about our Health Service. Let me ask you Canadians a few questions. Are there no waiting lists for beds in your hospitals? Does the poor man get the very best treatment free of charge? Is every patient treated the same regardless of color or nationality? If you can truthfully say yes to these things, then go ahead and

criticize the British Socialist Health Service all you like, because that is what we Britains get. I am only a working girl, but I love my country, and any silly fellow talking through the back of his head and running it down makes me see red.

A PROUD
ENGLISHWOMAN.
Norfolk, Eng.

Spuds on the Skid?

Dear Sir,—I have not tasted a flavorful potato in two years. Most of them are dull, flat and bitter. Potatoes should not be merely carriers for butter and salt; they have a flavor in their own right. A European said, three centuries ago, that the newly introduced potato tasted like a chestnut. That's not true today. Potato consumption would increase enormously if more attention were paid to their flavor instead of the condition of the skin.

G. R. G.
Morinville.

Found Us Nervous

Dear Sir,—What's wrong with you down-under people anyway? I was in Edmonton for a year and met very few friends. I came across all types of society, but they all seemed to have some ailment to be eliminated, as the price of friendship. They waited to turn me into a loan office, a baby sitter, a lonely hearts editor, a marriage counsellor, a morale booster and a nawn shop. Isn't there anybody living there without a care in the world?

CAREFREE JOE.
Yellowknife, N.W.T.

Wife Therapy

Dear Sir,—I just came across an old issue of your paper where some guy in Whitecourt says he hates women. He probably loves them just as much as the rest of us, but doesn't know how to handle them. Never let a woman think she can boss you. Marry her first—then show her who's boss. If mild words of persuasion don't work a little paddling with her across your knees is bound to do the trick. These women haters are really only sissies, who don't know how to handle women and are afraid of them.

DEEPLY DEVOTED.

Albertan Spark S.C. Convention in Regina

A new Social Credit plan presented by Albertans for curing the country's ills came for consideration last week by the national convention of the party meeting in Regina.

The new Social Credit manifesto had already been approved by the national council of the Social Credit Association of Canada and close to 100 delegates were on hand during the convention to consider it.

The manifesto stated that the

objectives of Social Credit were "designed to eliminate the abuses of capitalism and to give all people greater individual freedom and a higher standard of living."

The party aimed to establish a national economy based on individual enterprise and to work for adoption of a sound and scientific basis for international goodwill and peace, the manifesto said.

The national economy proposed by the party would provide for:

1. Abundant production of all wanted goods and efficient and

equitable distribution of total production.

2. Elimination of booms and depressions and maximum of opportunity for every individual to engage in gainful employment.

3. Assurance that each individual would receive an equitable share of the aggregate financial credit of the nation.

Solon Low, national Social Credit leader, told the convention he did not believe there would be any war for many years if Russia did not start one before October, 1951.

Canada and the other Western powers must not relax following victory in Korea but must build up defences as a deterrent to Communism, Low said.

The most critical region was Western Europe, he said. "The Western powers are determined to send a very substantial force into Western Europe at the earliest possible moment."

Low attacked Canada's "middle-of-the-road" course at the United Nations. "Canadian delegates insist on taking the middle-of-the-road where everyone gets run over," he said.

He called on the country to stop compromising its principles and assert itself at the U.N.

Oil Pipeline Nearing Completion

Although the Redwater-South Edmonton-Regina link of the inter-provincial oil pipe line is now operating, the Regina-Winnipeg-Superior link remains to be opened. This link may be operating by Christmas. Seen here are Hon. C. D. Howe and Premier Manning, who officiated at the recent pipe line opening in Strathcona district, on the outskirts of South Edmonton.

Liberals Name Candidate For Olds Bye-election

Delegates to the Liberal nominating convention for the Olds bye-election on Wednesday, Oct. 18, expressed through their resolutions general dissatisfaction with the present Alberta government.

Similar dissatisfaction exists throughout the entire Olds constituency and centres mainly around the government's oil and road policies, and the rising costs of municipal administration and education.

The convention was attended by 41 enthusiastic delegates, and despite poor road conditions almost all polls were represented by the one delegate allowed for most.

Martin Winther, a long-time resident from the Huxley district, will be the Liberal candidate in the bye-election. Mr. Winther is a large-scale farmer, well versed in educational and municipal problems through his experience on the Ghost Pine municipal council, and through his membership for the past six years on the Stettler Division School Board. Born in Denmark, he has resided in the Huxley area since 1916. His election to the legislature would ensure the people of Olds constituency of representation by a man with first-hand knowledge of all rural problems.

The convention was attended by J. Harper Prowse, Provincial Liberal Leader, who stressed that the desire of the people of the constituency for a change in government policy in municipal matters could best be expressed by the election to the legislature

of another opposition member, qualified to give constructive criticism. He said he intended to ask the Premier to state before election day whether or not the partly completed road west of Olds would be finished no matter who won the seat. He wondered if it might not be something the government was holding out as a 'bribe.'

Hugh John MacDonald, Liberal M.L.A. from Calgary was also present. A growth in Liberal strength in the legislature, he said, would give clear indication that people were looking for a change in government.

Mr. Winther won his nomination with an over-all majority over three other nominees—Edward Miller, R. A. MacKinnon and Alex Weir, all from Olds.

The following officers were elected to guide the business of the Olds Liberal Association until the next convention: President, Alex Weir, Olds; vice-president, J. P. Ferguson, Trochu; secretary-treasurer, Ted Miller, Olds.

One resolution passed by the meeting urged the government to require a plebiscite before putting the County Act into force in any area. Another asked for grants covering a much larger per centage of the cost of education. Payment of a two and a half per cent royalty on oil and gas to the owner of surface rights was also advocated. The construction of a good road from Olds to Rumsey was also the subject of a resolution.

Rev. R. J. Merchant Speaker At Lions Meeting

MORINVILLE.— On Thanksgiving day, the Lions club of Morinville held their regular meeting with their chaplain, Rev. R. J. Merchant of Mearns as speaker. His subject was "Thanksgiving" and he said that: Thanksgiving was a thing far too much neglected. "We owe gratitude to Almighty God for our health, the fruits of our fields etc.; for the fact that we live in a country of freedom, where the people have the say through our elected representatives; for the wonderful progress made in our province and our country; for the community in which we live; Morinville is a worthwhile town and a worthwhile district. A district to be proud of."

How much we take from God without thanks went on Rev. Merchant is very shameful. He told the story of Christ and the ten lepers as an example. "No more wonderful words can be spoken than those of St. Augustine: "Thanks be to God," said the speaker.

First Hail In Waskatenau History

In spite of the hail, the first in this district within living memory of anyone around here, the drought, the frost, Messrs. John Andrichow and Donald McDonald are driving new tractor and truck, respectively. They both operate river-bottom land farms and feel they are good reason for the purchase in a crop-failure year.

Messrs. T. Bell and Neil Brown, formerly of Waskatenau, spent several days duck hunting and re-

newing acquaintances in the district. Niel was one of the principals in the Adagio Dancing section of the Floor show at the recent RCMP dinner and dance in Edmonton.

Attention! Farmers Living in Dried Out Areas!

Why keep on taking chances in these areas when you can buy choice farms in what is considered to be sure crop districts at very attractive prices? Half sections can be bought from \$3,500 up. You must see these farms for yourself to believe it, and we are here to show you over them—at no cost to you. Our motto is "A satisfied customer is the only customer." You are under no obligation whatsoever. If we cannot find what you want we do not expect you to buy. However, if you really are looking for a farm that produces year after year, see us!

Crops this year look very promising, including corn and alfalfa seed crops. We recommend the areas we serve as being ideal for mixed farming. We do not recommend it for straight wheat farming. We cordially invite you to look over these districts of Mayerthorpe, Sangudo, Greenough and surrounding districts. It will pay you. We list four listings, which will give you an estimate of values. Remember, we have many farms for sale, large and small, also many businesses in the Progressive Villages Serving This Present Day Great Eden.

If you want a section, here it is: About 550 acres under cultivation, fenced and cross-fenced, beautiful set of buildings, including nine-room stucco house, full basement, 30x60 barn with Gaelic roof, nine portable granaries, garage, etc. etc. Windcharger and light plant. About 170 acres seeded to clover and 200 acres seeded to alfalfa. Price \$21,000.00, possible terms. You have got to see this farm to appreciate it. Do not delay as it is in a bargain.

If you want a half-section, here it is: About 300 acres under cultivation, fenced, 7-room house, 30x40 barn, one large permanent granary, 4 portable granaries, garage, chicken house, etc. etc. Good well and pump. \$6,000.00 cash. If you want a ¼-section, here it is: About 95 acres under cultivation, on highway, 3-room house, barn, garage, grain elevator, good well and pump. \$4,000.00 cash.

SPECIAL!

480 acres, about 180 acres under cultivation, well and spring, six-room house, barn 26x32, 5 portable granaries, chicken house, electric light and plant. All for \$5,900.00 cash.

Many of these farms can be purchased complete with equipment. Phone MAYERTHORPE 41, or write us, giving date on which you expect to call on us, and we will make necessary arrangements to show you over these farms and businesses.

MORINVILLE NEWS NOTES

On October 8, the official welcome back home of Rev. E. Briere was celebrated with a special Thanksgiving Service in the church and a family dinner held afterwards in the rectory where Mgr. E. Tessier was host to 10 guests.

However, no sooner than one pilgrim is back from Rome, than another leaves. Last Monday, Rev. R. J. Merchant of St. Charles, left by train for Toronto where he will visit with his family and then proceed to Rome for the Holy Year pilgrimage.

Among other visitors in our midst recently we are happy to greet Mrs. J. Harnois and daughter Marie Louise from Calgary, who is staying at her father's home, Mr. Eugene Brault. Her husband is an instructor at Camp Borden at the present time.

Mrs. Albert St. Lawrence had the pleasure of a visit from her brother and his wife, Mr. and Mrs. H. V. Radford from Winnipeg for a week. They were accompanied by their two daughters, Dolores and Joselyn. Miss Dolores is a 4th year student at the University of Manitoba and plans to go to Sorbonne in France next year for post-graduate work. Miss Joselyn is pursuing her studies at St. Joseph's Collegiate Institute at St. Boniface.

We are happy to greet our four local probationers from the Edmonton General Hospital during the Thanksgiving week end: Miss Adorals Chevalier, Miss Alice Heymans, Miss Gertrude Neunier and Miss Blanche Ricard.

Last week Mrs. Armand Chailfoux entertained at tea in honor of Mrs. Caroline O'Brien of Vancouver, field supervisor for the Women's Benefit Association. She was accompanied by Mrs. Dora Anderson, Edmonton, superintendent for the WBA. Other present were Mrs. Laura Teller, Mrs. Juliette Chailfoux, Mrs. Berlangette and daughter, Marjolite. It was reported that important matters were discussed which were very informative. It was decided that the Morinville branch of the WBA should contribute three tables to the CYO, to be used for their Communion breakfasts. A small gift was presented to Mrs. O'Brien by the president of the local WBA, Mrs. Chailfoux.

Mr. and Mrs. Emile Montpelier had the recent visit of Mr. and Mrs. Lagasse from Vancouver, also of their daughter and son-in-law, Mr. and Mrs. Laurier Ricard of Yokama, Washington. Another daughter and hubby have taken up residence in Morinville, Gorienné and Germain Bouvier are back from the oil fields and plan to stay.

Mr. Wilfrid Labonte and Joe St. Laurent came back from a hunting trip down McLennan way and report that prairie game was no better 300 miles from home than around here. They missed getting any geese.

Mr. Omer Paiment also spent a few days away from home as he was a visitor at the North Star Lodge close to Banff.

Mrs. Alvin Steffes has been back home from the Westlock Hospital and is staying to visit her sister, Mrs. Fred Steffes, before returning south for the winter.

REAL ESTATE

FOR SALE—Two new 4-roomed houses in St. Alberta, bungalows. All utilities. Phone 20 St. Albert, Alta. P-O-27

WANTED, MISC.

WANTED—Some seed a feed grain. State phone and quantity. M. Landgraf, Newbrook, Alta. C-O-21-28

WANTED—Your Classified Ad in this paper! For want ads that really get results, write 10815 Whyte Ave., or phone 34863.

Mrs. Robert Teller, who underwent a serious operation, is now back home and is anxiously awaiting the visit of her son, Marcel, who is scheduled to come home from the eastern camp where he is taking a mechanical course.

The Morinville Hardware is undergoing a face-lifting and a good re-modelling job under the skilled supervision of Lucien Letourneau.

Mr. and Mrs. Herminas Boissonault have both been patients in the hospital, but Mrs. Boissonault comes home the winner with a baby son on Oct. 8. All that Mr. B. can crow about his trip to the hospital is a badly-infected throat. Congratulations to both on the new family addition.

If the old man or children are late for lunch at noon, they sure have no excuse these days by saying they were unaware of the time. With the fire siren and the church and convent bells peeling off all at the same time, we sometimes wonder if no one turns around in his grave on the hour of noon around Morinville.

Farmers Should Use Seed Cleaning Plant

By J. M. FONTAINE
District Agriculturist

The seed grain requirements in the western provinces for the spring of 1951 have not yet been determined. The surveys now being made are not completed. It is too early to expect that germination tests can give us a clear picture of the situation.

From a survey recently completed by the Canadian Wheat Board on the probable marketings of wheat in Canada, the following figures on the quality of Canadian wheat should be a clear indication of the frost damage right across the prairies.

The 1950 wheat crop is expected to grade:

34 per cent No. 3 or higher
17 per cent No. 4 Northern
45 per cent No. 5 or lower

If 62 per cent of our western Canadian wheat is grading below No. 3 on account of frost, it is not normal to assume that at least 40 per cent of our oat crops have been affected and thereby their germination reduced.

Our recommendation would be not to be too hasty in disposing of your oat crop before we have more definite information on the seed requirements for the next spring.

First of all it would be a good practice to retain enough seed at home for two years supply. Then any surplus could be kept over a few weeks to fill the western demand.

The Agricultural Service Board of Morinville is credited to have erected the best seed cleaning plant. Now is the time to make use of it. After making sure of the germination of your oat crop, if over 75 per cent, why not have same cleaned immediately to be in a position to fill the early orders. Later in the season, the seed cleaning plant might not be in a position to accommodate you.

Be wise! Have your seed cleaned now and take advantage of the early seed out market. Otherwise you may be disappointed.

Why sell your oats at this time if they can be cleaned to a commercial seed grade standard?

Solution To This Week's Puzzle

The LIGHTER SIDE

Fifty-Fifty

"Your son has a great thirst for knowledge. Where does he get it?"

"He gets the knowledge from me and the thirst from his father."

Vivacious Bravery

Valet—"Your bath is ready, sir."

Master—"Aw, I say, Perkins, take the bath for me—and Perkins, make it a cold plunge."

Then and Now

In olden times when Romeo called on his Juliet.

He climbed up to her balcony To woo his precious pet. But now he motors to her door And honks his auto horn. "Step on it, Juliet!" he shouts, "I can't wait here till morn."

Wise Guy

Slim—"You seem to be extra busy, Jim."

Jim—"Yes, I'm writing a love letter to my girl. I've been working on it over an hour."

Slim—"Why are you taking so much pains?"

Jim—"I want to make sure that if this letter is ever read in court it won't make me look like a fool."

Doesn't

First Girl—"Helen doesn't understand baseball at all."

Second girl—"How so?"

First Girl—"The other day she went to a game, and she fell in love with the umpire."

Never Mind

Peck—"My views on bringing up the family are—"

Mrs. Peck—"Never mind your views. I'll bring up the family. You go and bring up the coal."

LETTER TO LOUISA

'Disgusted Son' Has Naggingest Family

DEAR LOUISA:—I am a boy of sixteen, and I have the naggingest family in the world.

They nag if I sleep late, if I get to meals late, if I take the car, if I leave my clothes on the floor or if I eat something out of the ice box. And yet they are always asking me to do errands.

As a matter of fact, I hardly ever do anything they ask me to do if I can get out of it, because they are such an ungrateful lot. If I ever get a job, I am going off somewhere where people appreciate me.

DISGUSTED SON.

Answer:

My dear, you have drawn such a perfect picture of yourself in this letter that I'm sure you will have to change a lot before you will be appreciated by anyone.

Do you wonder that you have to be corrected if, at the age of sixteen, you do nothing but loaf around the house causing lots of unnecessary work for others by your careless ways and then not even trying to make up for it by doing little jobs in return?

All boys and girls go through this 'put upon' period, but you will find a lot more happiness if you will take the chip off your shoulder, and try to see how nice and obliging you can be to the rest of the family.

Then you will at least have the pleasure of knowing that when you come in, every one is glad to have you instead of sighing and thinking, 'Here comes more work and ill humor.'

Try to be careful and helpful and see how much happier you will be.

LOUISA.

Dear Louisa—I keep house for my daughter and me. We have a small suite and she has a job which gets her home about six in the afternoon. Don't you think

she should help with the housework? We are dependent on what she makes, so we cannot afford a maid. She resents it when I ask her to do anything around the house.

MOTHER.

Answer:

Keeping a small apartment for two people is probably not as much work as she does. You admit that she supports you on what she makes and I think it is only fair for you to earn your living by doing your part.

Why is it that mothers never expect their sons who have jobs to come in from work and start into house cleaning, but just because another wage earner in the family happens to wear a skirt, they feel wronged because she doesn't pick up a broom or a dish cloth the minutes she enters the door?

Unless she just wants to help or you get sick, I do not think your daughter should be expected to work at home and abroad.

LOUISA.

SEEKS FINANCE AUTHORITY

Alberta Premier E. C. Manning's main task at the recent Quebec constitutional conference was to press for greater provincial authority in the financial field, according to reports.

The Social Credit government on numerous occasions has had its unique financial bills over-ruled by the Supreme Court, on the grounds that the federal government has sole jurisdiction over the nation's financial affairs. This clause is written into the British North America Act.

Manning recommends rewriting the Canadian constitution rather than merely amending it.

Oil Men Reported Duped By Thief

MORINVILLE.—Oilfield workers are the victims of a new type of thief here, according to police. Several workers have said to be swindled by a watch 'thief' operating in the district.

According to one oil man, he was approached here by a man who said he was broke and needed money to return home. The confidence man then produced an almost new watch with a bill of sale which said the watch was worth \$89. He borrowed \$25 off the unwitting worker, saying that he would return later to redeem it. The oil man found out later the watch was worth only about \$4.

RED DEER Alberta

Edmonton's CBX Station Ranks As Leading Studio

The growth of the CBC Prairie Region's Alberta studios at Edmonton, in the two years since the opening of new 50,000-watt transmitters in Alberta and Manitoba, has been a striking feature in the general development of Prairie Region broadcasting activity under the guidance of J. R. Finlay, CBC Regional representative.

In charge of the Edmonton office, under Mr. Finlay's general direction, has been Dan E. Cameron, CBC manager for Alberta.

Mr. Cameron is a native of Moose Jaw, a graduate of the University of Saskatchewan, and a former school principal.

For some years before going to Edmonton, he headed the CBC's Talks and Educational Department at Prairie Region Headquarters, Winnipeg.

In Alberta, his work in such vivid CBC actualities as the Calgary Stampede and Edmonton Exhibition broadcasts, and his organization of such excellent public service broadcasts as CBX's popular Alberta Memos, have made him known throughout the province.

Alberta's voice, on CBC national and regional networks, and in CBC councils generally, has been heard very emphatically since Mr. Cameron took up his duties at the Alberta capital in 1948.

MILLING AND BAKING QUALITY OF FROSTED WHEAT SAID NOT LOWER THAN USUAL VARIETIES

In spite of some frost damage, No. 4 Northern wheat should prove satisfactory for milling according to a report prepared by the Board of Grain Commissioners' Laboratory.

Some No. 5 wheat may also be milled if markets can be found for low grade flour of darker color and reduced baking strength. No. 6 wheat, which is more heavily frosted and contains more green and immature kernels, will be fit only for feed. These lower grades show the typical properties of frosted wheat established by seven years' research following 1927, the last year in which a heavily frosted crop was harvested in Canada.

The report was presented by Dr. J. A. Anderson, chief chemist of the Board of Grain Commissioners, at a meeting of the committee on western grain standards held on September 28 in Winnipeg.

Dr. Anderson presented milling data and showed loaves baked from average samples of grades 4, 5 and 6. These grades show increasing percentages of frost damage. An average sample of sound wheat grading No. 2 Northern was used for comparison. Over 3,800 samples of wheat from

all parts of western Canada were collected and analysed for the preparation of grade averages. Dr. Anderson emphasized that he dealt with estimates of quality based on data now available. The crop is late, and only a small proportion of it has been threshed and delivered to country elevators. The Laboratory may have to revise its estimates as samples of late harvested wheat are collected and studied.

Differences in the milling quality of the grades are shown in the following table:

Grade	Flour		Mill
	Bu.-Wt.	Yield	
	Lb.	%	Min.
2 Nor.	64.0	72.2	45
4 Nor.	62.5	69.0	55
No. 5	61.2	66.9	65
No. 6	59.5	64.1	70

Bushel weights were tested on wheat cleared for milling and are thus higher than weights usually reported. Flour yields show the percentages of flour that can be obtained by normal milling methods; the amount decreases with grade. No. 6 yielding 8 per cent less flour than No. 2. Frosted, green, and immature kernels make the lower grades woody and hard to mill; the wheat does not break up readily into flour. These qualities are shown by the increased time required for milling samples of lower grades. In the commercial mill frosted wheat

JUST FRIENDS, is an apt title for this picture. One of the dozens of junior calf club entries in Ontario fairs, this one is the pride and joy of Jacqueline Schmidt.

shows up production and increases flour costs.

Properties for the flour from each grade are shown in the next table:

Grade	Ash		Absorp-
	%	Color	tion
2 Nor.	.56	100	60.7
4 Nor.	.61	98	64.4
No. 5	.64	93	66.3
No. 6	.67	92	66.7

High ash is undesirable in flour, and flour is bought on specifications stating a maximum ash content. The table shows that ash content goes up as the grade goes down. Color scores are measures of the whiteness of the flour made with a spectrophotometer. While 2 Northern gives a creamy white flour, the lower grades are progressively greyer and browner. These differences in color are easily seen even by untrained persons. In commercial mills bleaching is used to whiten flour milled from sound wheat; but bleaching cannot remove the dull grey color of flour milled from frosted, immature and green kernels. Absorption is a measure of the amount of water required to make a dough suitable for baking. In sound wheat, a reasonably high absorption is desirable; but frosted wheat shows higher absorption than normal because of damage to the grain constituents. The dough absorbs a large amount of water when mixed but cannot hold it during fermentation and later becomes slack and more difficult to handle.

Loaves of bread baked from flour of each grade were shown at the meeting. Dr. Anderson dealt first with the size of the loaves. As each loaf is made from the same weight of flour, a

20th Century FARM NEWS

large loaf represents what we commonly call light bread; and a small loaf represents heavy, soggy bread. Strong wheat that will give a large loaf is demanded in England to improve the soft home-grown wheat. Canadian wheat that gives a small loaf will not improve English wheat.

No. 2 Northern of this year's crop gave a loaf of 740cc. This is considerably lower than the 10-year average for the grade which is 785 cc. Loaf sizes for this and the other grades, together with the protein contents of the flour, are given in the following table:

Grade	Loaf size,		Pro-
	cc.	%	
2 Nor.	740	12.6	
4 Nor.	725	13.1	
No. 5	695	12.5	
No. 6	575	12.3	

The loaves decrease in size as the grade of the wheat drops. In sound wheat, loaf volume is almost invariably directly related to protein content; the higher the protein content, the larger the loaf. This relation does not hold in the above table. No. 2 gives a larger loaf than No. 4 and a much larger loaf than No. 5 though No. 2 has a lower protein than No. 4 and little more protein than No. 5. A smaller loaf than would be expected on a protein basis shows how the frost has damaged the quality of the protein in wheat entering the lower grades.

The darker color and poorer baking quality of the lower grades also shows in the outside appearance of the loaves and in the texture and color of the crumb when the sliced bread is examined. Scores reported in the next table are on a scale with 10 points as a perfect score.

Grade	Outside Crumb Crumb		Texture Color
	Appear.	Texture	
2 Nor.	9.0	7.5	6.5
4 Nor.	8.0	6.5	5.0
No. 5	5.0	3.0	3.0
No. 6	3.0	1.0	1.5

No. 2 gives a bold, well shaped loaf, and No. 4 is only slightly inferior in appearance. But No. 5 and No. 6 give poorly shaped loaves. Marked differences occur in crumb color and texture. No. 2

has a close, even texture, and a creamy color. No. 4 loaf has a crumb that is not so close and even and has a greyish tinge. Loaves for No. 5 and No. 6 are progressively poorer. The crumb is coarse and open in texture, and large blow holes in the body of the loaf and just under the crust occur quite frequently. The color of the crumb is unattractive; it has a dirty yellowish brown color, especially in the No. 6 loaf.

SUNDAY SCHOOL LESSON

Christian Living Is Founded on Prayer

Christian living, the way of life for all who seek to walk the Golden Road, is based largely on prayer. Prayer has been defined as 'Conversation with God,' and indeed it is that.

In the Sermon on the Mount, Jesus gave his hearers many directions for living as citizens of the Kingdom and among them, he tells them how to pray. While practically all Christians have memorized the words of what we call "the Lord's Prayer," we do not believe it was Jesus' idea that this prayer was to be used word-for-word, but as a "pattern" for our conversation with God.

This prayer reveals what Jesus taught about the fatherhood of God when he began it, saying, "Our Father." He then goes on to summarize what God's children should ask of their Heavenly Father.

First, we are to pray for the coming of God's kingdom and, in praying thus, we are to place ourselves in God's hands so that he may use us to help bring in his kingdom of justice, truth and loving-kindness on earth. Then, we are to pray for the necessities of life. "Give us this day our daily bread." Knowing that God provides the basic needs of man,

Jesus told his disciples that they should pray for daily food to enable them to enjoy such health, strength and spiritual growth that they might be able to perform the tasks which God had given them to do. Christians are to think of themselves as God's servants and pray day by day for such bread as is needed for health and strength in his service.

Certainly, all of us need to pray for forgiveness. "All have sinned and come short of the glory of God," Paul declares and we all need the forgiveness of God for these sins. However, we might point out that there is a condition which must be met before God promises to forgive our sins—we must be willing to forgive those who sin against us. Thus we find that God's forgiveness can come only to those who themselves show a forgiving spirit.

"And lead us not into temptation, but deliver us from evil." In praying thus, we are asking for God's moral guidance and deliverance from the temptations that beset us. All of us know what a source of strength prayer can be in a time of testing. We cannot escape situations and circumstances that try our souls, but, with God's help, we can be strong enough to overcome them.

"For Thine is the Kingdom and the power and the glory, forever, Amen." It is reassuring to the children of God to realize that God's kingdom and power and glory are everlasting and that, trusting in him, he is able to give us the victory over sin and death.

No Sleep For Bankers While Dollar Jumping

Bankers are busy these days as they attempt to keep up with the elusive Canadian dollar. Here at the traders' desk of the Canadian Bank of Commerce, Toronto, a constant flow of messages from

one bank to another keeps the traders informed of the dollar's changes in value, and prevent their branch from getting behind in the overall trading.

New Alberta Railroad Revives Memories of Early Pioneer Days

Memories of warring Indians, peaceful pioneer homesteaders, and the progress of the great iron horse have been revived with the construction of a new 14-mile length of rail track in Alberta. Construction of the track was announced by Mr. Alex Robertson, president and general manager, The Winnipeg Supply and Fuel Company Limited.

The track will be used to move Vesta coal from the Alberta Coal Company's mine on the south bank of the Battle River to Halkirk, where the line connects with the Canadian Pacific Railway. Halkirk is east of Stettler, midway between Hardisty and Drumheller.

"The line," Mr. Robertson said, "will enable this coal to be shipped by rail right from its source rather than be hauled long distance by truck."

"It was extremely interesting to see the modern methods of laying track as compared to the old 'hammer-swinging' days," Mr. Robertson stated.

The Winnipeg Supply and Fuel Company Limited are the exclusive distributors of Vesta Coal.

The coal will bear the brand name "Vesta", the mythological goddess of the hearth and protectress of the household. It was Vesta's altars that were guarded by the Vestal Virgins in ancient Greece and Rome.

Mr. Robertson explained that

between 50 and 60 feet of cover had been removed to allow a ten-foot coal seam to be mined.

"A 250-ton-per-hour tipple is now being erected," said Mr.

Robertson, "but temporary loading facilities have been arranged so the coal may be shipped immediately."

Busby WI Holds Regular Meeting

BUSBY.—The regular monthly meeting of the Busby WI was held at the home of Mrs. G. Gerig. After the usual business, a demonstration on plaque making was given by Mrs. Kunelius of Westlock.

The Busby teachers attended a health talk at Legal given by Dr. Seineria of Edmonton.

Mr. and Mrs. R. Nicol of Belvedere have taken over the farm of Mr. A. McMillan who are leaving shortly to live in the city where the McMillans have bought a hardware business. A farewell party in their honor is being held in the Busby hall Oct. 20.

Mrs. J. Cripps and family of Edmonton were guests at the home of Mr. and Mrs. H. Hunter over the thanksgiving weekend.

A very good attendance was present at the United Church for the Thanksgiving service. All donations of fruit and vegetables were sent to the old people's home at Fort Saskatchewan.

Mrs. R. Legault is recuperating at home after spending two weeks in hospital. All her friends wish her a speedy recovery. Mrs. A. McMillan and Mrs. L. McMillan attended a lecture on cancer held in the Independence hall, followed by movie shorts and a sale of pie and coffee. A quilt was also raffled. Mrs. A. McMillan being the lucky winner. Mr. and Mrs. F. Chubb have left here to make their home in Edmonton, where Mr. Chubb is attending the U of A for another term.

Eight hundred of Labrador's inhabitants are Eskimos.
